Good morning Laura et al

The item on the Board agenda for Friday is inviting bids for the maintenance of the median islands. It is the beginning of the process that goes from bid, to accepting the bids, awarding the bids, and then contract commencement. The median islands are currently being maintained and there will be no interruption in service.

I am attaching the CD 11 median island locations for your information. Hope you are well and let me know if I may be of any further assistance. Thanks

Ron

Thanks Nazario,

I don't recall if I said "yes" to wanting to see that list of CD11 medians you mentioned putting together for me, so yes please we'd love that in order to share with field staff.

THANK YOU!

I am not here on Friday so I will not be at the Board meeting....  
hope it goes well, and if someone could let me know if it's continued or not approved I'd sure appreciate it.  
Thanks again!

Hi Laura,  
This contract is for the maintenance of the improved medians under the purview of the BSS.  
There are some other medians in the City for which the Bureau has no

maintenance responsibility; for example those built by communities that included a maintenance agreement, those maintained by BIDs, and of course, those adopted under the "Adopt a Median" Program. We could provide a list to you of all the medians in CD 11 that are part of our maintenance responsibility. Let me know if I can be of further assistance and have a great 3-day weekend!
